

## *Who are the Friends of Shasta District Fair....*

The Shasta District Fair Friends of the Fair was formed in October 2008 by a small group of people who have a passion for the fair. The purpose of the private nonprofit corporation called Friends of the Shasta District Fair is to support the mission of the fair to: (1) make the fair a more community, cultural, and educational asset; (2) provide a vehicle for the Shasta District Fair to become more entrepreneurial in nature by increasing revenues from non-traditional sources; (3) provide a volunteer base for the Shasta District Fair, with an emphasis on the annual Fair. To that end, the Friends of Shasta District Fair holds fundraisers, volunteers for the annual fair and interim events and works on capital improvements and programming for the Shasta District Fair.
